## PROFESSIONAL SUMMARY

---

Proven frontend developer who is results-oriented and has over 2 years of experience developing responsive and mobile-first web applications/user interfaces. Well-versed with React, Next.js, TypeScript, JavaScript, and Tailwind CSS and have hands-on experience turning Figma designs into scalable, reusable, and accessible interfaces. Have experience working on integration of APIs, Supabase, Git/GitHub, debugging, and deployment. Also have experience integrating AI functionality in web apps.

## CORE SKILLS

---

**Frontend:** React.js • Next.js • JavaScript • TypeScript • HTML5 • CSS3 • Tailwind CSS

**UI/UX:** Responsive Web Design • Mobile-First Development • Figma • UI/UX Implementation • Accessibility

**Backend & APIs:** REST APIs • Supabase • API Integration • Database Integration

**Development:** Git • GitHub • Component-Based Development • Debugging • Performance Optimization

**Tools & Platforms:** VS Code • Figma • Netlify • Vercel • npm • pnpm • Chrome DevTools

## WORK EXPERIENCE

---

### Advertising Regulatory Council of Nigeria (ARCON)

IT Intern | April 2025 – September 2025

- Supported IT operations, systems maintenance, and internal digital tools within a government regulatory body.
- Assisted with software deployment, troubleshooting, and documentation of IT workflows

### Cakkie Foods Ltd

Frontend Developer Intern | November 2024 – February 2025

- Developed and maintained responsive UI components for the company's web platform • Collaborated with the design team to implement Figma prototypes using React and Tailwind CSS.
- Participated in code reviews and applied best practices for performance and accessibility.

### Beautiful Beginners Nursery and Primary School

Computer Instructor | August 2023 – March 2024

- Taught foundational computer science concepts and practical web skills to students.
- Built a responsive school website using HTML, CSS and JavaScript as a hands-on learning project for students.

## PROJECTS

---

## AI-Based Student Project Recommendation System

Next.js • TypeScript • Tailwind CSS • Gemini API • Supabase

- Developed a web application that recommends final-year project ideas based on students' skills, interests, and career goals.
- Integrated the Gemini API to generate personalized project recommendations.
- Built responsive onboarding, dashboard, and recommendation interfaces using Next.js and Tailwind CSS.

## Rapha Homes & Properties

Next.js • TypeScript • Tailwind CSS • Web3Forms

- Developed a responsive real-estate platform for browsing properties and connecting prospective clients with agents.
- Implemented property search/filtering, authentication UI, contact forms, and responsive layouts.

## EDUCATION

---
